Served 3 years on Mill Valley Parks and Recreation Commission and several other committees.

**Served on Board** of Directors of Community Church and The Redwoods Retirement Center.

## Education

Public Schools in Alexandria, Virginia through high school.

Wellesley College, 1961-65, B.A. in Botany and Microbiology

University of Pennsylvania, 1972-1975, Master of Landscape Architecture (MLA)

## About Me

I love trying to convert our yard to be a native plant garden. Hiking on Mount Tam and getting to know the whole new set of native plants, experiencing other parts of the world, and working with other people toward the ecological health of Mill Valley and beyond has truly enriched my life. I value people, nature, and connection to the future.
