UC San Diego, 1990-1992, MA International Business

About me

I have been a stay-at-home dad in Mill Valley for 20 years raising two sons. We spend a lot of time outside exploring nature and playing sports. I am a long-time environmentalist and native plant enthusiast. It is hard for me to walk by and not remove invasive non-native plants, especially outliers. I am also active in supporting bike and pedestrian improvements in Mill Valley.
